REASONS FOR ALLOWANCE

Allowable Subject Matter

1. Claims 2-8,18,20-23,25,28-35,45,47,48 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. Claims 2, 22, 28 and 48 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "a spatial filter positioned between said sample and said coherent fiber bundle square to the axis of said coherent fiber bundle" as set forth in the claimed combination. Claims 3-8, 18, 20, 21, 23, 25, 29-35, 45, 47 and 48 are also allowable based upon their dependence on claims cited above.

The prior art of record, Feld et al, Wach et al and Ono et al teach a Raman imaging fiberscope for the collection of white light images, Raman chemical images and Raman spectra from a sample but does not teach the specific arrangement having a combination of bandpass and rejection filters and a spatial filter arranged in the particular sequence and orientation and there is no motivation or teaching to modify this difference as derived.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
